If you are a visitor to the Site, we may collect information that you provide to us when you communicate with any of our departments such as customer service or technical services. If you sign up to become a subscriber of our email newsletter, or submit a Contact Us form, you will be asked to provide certain information as part of the process. If you do not consent to our processing and use of such sensitive personal data, you must not submit such content to us.

1.2 Information That We Automatically Collect Through the Site. We may automatically collect information from you when you use the Site. For example, we may use session cookies to help us recognize you when you visit the Site. A cookie is a small text file that our web server places on your computer hard drive that includes a unique identifier. You can set your web browser to reject cookies or to notify you when you are sent a cookie. You can also learn more about cookies by visiting [www.allaboutcookies.org](http://www.allaboutcookies.org) which includes additional useful information on cookies and how to block cookies using different browsers.

If you set your browser to limit or remove cookies, some features of Site may be unavailable or unable to function properly.

1.3 Third Parties' Use of Cookies and Web Beacons. GaN Systems uses third party analytics such as Google Analytics to gather and analyze anonymous user information. Google Analytics is a web analytics service provided by Google, Inc. ("Google"), to collect information about your use of the Site. Google may use cookies to collect information about the content you view, what websites you visit immediately prior to and after visiting the Site, and your system information and geographic information. The information generated by the Google cookies about your use of the Site will be transmitted to and stored by Google. The information collected by Google allows us to analyze your use of the Site. You can opt-out of having your information used by Google Analytics by following the instructions located at <https://tools.google.com/dlpage/gaoptout/>.

We may also use web beacons (which are also known as pixel tags and clear GIFs) on the Site to track the actions of users on our site. Unlike cookies, which are stored on the hard drive of your computer or mobile device by a website, pixel tags are embedded invisibly on webpages. Web beacons measure the success of our marketing campaigns and compile statistics about usage of the Site, so that we can manage our content more effectively. The information we collect using web beacons is not linked to our users personal data.

GaN Systems does not have access to or control over web beacons or cookies that third party websites may use. We are not responsible for the privacy practices or the content of these third-party websites. You are encouraged to review the privacy policies of the different websites you visit. In addition, some third-party advertising companies may provide a mechanism to opt-out of their technology. For more information about the opt-out process, you may visit the Network Advertising Initiative website, available at: [http://www.networkadvertising.org/managing/opt\\_out.asp](http://www.networkadvertising.org/managing/opt_out.asp).

In addition, your browser may allow you to adjust your browser settings so that "do not track" requests are sent to the websites that you visit. However, GaN Systems will not disable tracking technology that may be active on the Site in response to any "do not track" requests that we receive from your browser.
